

# SUN BEAMS

by WALTER M. BARRETT

After hearing much talk about the alleged high cost of operating an incorporated area, we were surprised to read a report by City Manager James S. Dean of Sacramento in which he pointed out that the average home owner pays approximately \$3 per month for the multifarious benefits provided by the City of Sacramento. That is considerably less than a light smoker spends during the same period for cigarettes.

Two weeks ago we were wondering if we would ever have any snow and this week we are wondering if it will ever stop. In the end Mother Nature seems to have the final say and takes care of situations concerning that much talked of subject—the weather—without our aid. It still offers a good topic, however. We would be at a loss for something to discuss at times were it not for the weather.

The chamber of commerce and the Truckee Public Utility District are to be praised for the maintenance of the beautifully lighted tree on Winter Sports Hill. The scene catches the eye of motorists and train passengers many miles before they get to Truckee and is a pretty sight.

It is a never ceasing wonder how our means of communication from Truckee are kept in such fine condition despite raging storms. The highways, railroads, telephone lines and power lines are usually in perfect condition although occasionally there is minor trouble which cannot be humanly avoided. It is these brief delays in services which should remind us of the months and years of unflinching service.

We can think of inconsiderate practices, but one of the worst we can recall at the moment is that of out of town truckdrivers who make it a habit winter and summer to park their vehicles parallel with the sidewalk, occupying two or three good parking spaces while they solicit patronage from local merchants.

## MT. LASSEN WINNER OF SKI CROWN AT SACRAMENTO MEET

The Mt. Lassen Ski Club carried off the high honors of the Eighth annual Winter Sports Carnival at Sacramento on Saturday night when Miss Phyllis Gadwood, a member of that club, was proclaimed queen. Her costume was blue gabardine with hooded jacket, black boots and red and white mittens, was voted as the most practical.

Miss Elsie Orsi of Stockton Club wore the most colorful outfit. Both were presented with wrist watches and Miss Gadwood was formally crowned by Mayor Tom B. Monk.

Miss Ruth Moore represented the Truckee Outing Club and Miss Patricia Henry the Lake Tahoe Ski Club. The latter club with 21 members in uniform added up 2,709 miles in the club attendance contest to place second.

Bernard White, former Truckee man was one of the judges of the contest. More than 4,000 were in attendance.

## LOCAL SCHOOL IS WINNER OF CONTEST WITH SPARKS GROUP

The Community Methodist Sunday school won the attendance contest with the Methodist Sunday school of Sparks. The total attendance for the two schools for October, November and December were: Truckee 811 and Sparks 786. This gave Truckee an average of 57.9 and Sparks 56.1.

The contest was close throughout, with the schools alternating in the lead. On two Sundays the attendance was the same in both schools.

Because of the interest taken in this contest, a new one was started last Sunday to run until the two schools can join in a picnic in the spring. Sparks started in the lead in the new contest with eight more present than Truckee.

## MOVIE STAR VISITS AT SUGAR BOWL

Claudette Colbert, moving picture actress entertained a group of her friends during the weekend of January 7 at the formal opening of the Donner Summit Sugar Bowl which brought out a large number of ardent winter sports fans despite the stormy weather.

The snow at that time was not satisfactory for the tyro skiers but has since improved.

## Difference Of Opinion Delay Local Building

Peterson Seeking Additional Finance For Work Done Here

### MEETING IS SCHEDULED

Board Probing Expenditures On Truckee's New Memorial

GRASS VALLEY, Jan. 11.—The Nevada County Board of Supervisors convening in special meeting Monday heard a plea from N. B. Peterson, contractor of the Veterans' Memorial Building at Truckee, to be further reimbursed for work done on the building which he thought was not covered by the contract.

The misunderstanding arose over a change in the original contract which Peterson did not understand. The building was originally designed to cover 4,500 square feet and to cost \$23,000. It was later decided to increase the floor space of the building by 1,000 feet and defray the cost by using money already allocated for furniture, including linoleum, light fixtures, hardwood fittings, etc.

Peterson claimed that his contract did not contain any reference to putting in furniture and that it was impossible to use money allocated for that purpose when none existed. He further claimed that the county owes him \$3,000—the cost of the additional floor space.

Further action was deferred by the board until all parties concerned are in possession of copies of the original contracts and all changes that have been made since the contract was first signed. The matter will be settled at the next meeting of the board on January 20.

## TRUCKEE, TAHOE BOYS WIN PLACES ON NEVADA TEAM

Bud Owens, who won the jumping contests at Treasure Island last Mar., and Frank Titus, who is written of in the U of N Sagebrush as a strong consistent performer, who has turned in such amazing performances in the slaloms and jumps, as a first year man, and both of Truckee and James and Oliver Henriksen, brothers of the Tahoe Ski Club and the best performers in Class B last year are some of the boys from the Truckee Tahoe district who are on the University of Nevada ski team this year.

## TWO FORMER LOCAL S. P. EMPLOYEES ARE ON RETIRED LIST

Following 42 years of active service with the Southern Pacific company, Harry S. Eaton, 70, a carman, this week retired from service and was feted at a meeting of the Woodbridge Lodge of the carmen at Roseville with a banquet and presentation of gifts.

Twenty-seven of the 42 years of Eaton's service were in Truckee and only 10 years ago he went to Roseville to continue work.

Eaton plans to spend his rest in working in his garden and home.

Mart P. Arenz, who will be remembered by the older Truckee residents as agent, operator and night operator for the Southern Pacific company here more than 30 years ago, has retired from the company service after 40 years of work.

Arenz, 65, filled similar positions in several towns of this division and in 1909 won the promotion as car dispatcher which kept him in Sacramento to the present time.

### Visits Sisters—

Rev. G. J. E. Keetch returned Saturday after a short visit with his sisters, Mrs. E. E. Cory and Mrs. A. O. Wilds in Oilfields.

Miss Dorothy Snider was a recent visitor in San Francisco and the bay district.

## DISTRICT'S BOOKS TO GET EXPERT'S AUDIT IN TRUCKEE

At the meeting of the board of directors of the Truckee Public Utility District Tuesday, it was voted to again employ Harry M. Straine of Sacramento, certified public accountant, to audit the district's book for the past fiscal year. Straine last year instituted a new set of books and this year will inspect and audit them. The board also agreed to have the district pay for the cost of lighting the huge Christmas tree seen glowing nightly on Winter Sports hill. The lights will continue to burn until February 1.

## PIEDMONT MAN IS ACCIDENT VICTIM AT NORDEN RESORT

Allen Starr of Piedmont, was reported to have suffered several broken ribs when he fell while skiing at the Sugar Bowl near Norden over the weekend. He is reported to be recovering at a Reno hospital.

A physician said the University of California graduate has six fractured ribs but added that his condition is not considered serious.

Friends said Starr was upset when his ski struck a stone. Mrs. Starr, the former Adeline Eddy of Seattle was said to be en route to Reno to be with her husband.

## CENSUS TAKING IN THIS DISTRICT IS STARTED BY CREW

The work of taking the Sixteenth Decennial Census of business and manufacturers is now in progress in District Two, consisting of Nevada Placer, Alpine, Amador, Calaveras, Mono, Tuolumne, Mariposa, Inyo and Eldorado counties. The head office of the district is located in Roseville with Robert E. Shields in charge as supervisor. District Two is a part of Area 35, the head offices of which are located in Reno with Frank W. Ingram in charge as area manager.

There is a crew of 12 trained enumerators in the field making a canvass of the business and manufacturers establishments. Their work is to be completed by April 1. The statistics obtained by these enumerators will be of great value to business men in all lines of business. It will show, among other things, the shifting of population, the increase of business and the change of values of real estate and other information which any progressive business man requires.

## P. T. A. MEETING IS POSTPONED HERE

The meeting of the Truckee Union Parent and Teachers association set for Friday, January 12, has been postponed and instead the meeting of the executive board will be held Friday afternoon at 2 o'clock. All officers and committee chairmen are asked to attend so arrangements may be made for the regular meeting and final reports given on the Christmas party.

## CLASS TO BE GIVEN DEGREE AT MEET OF LOCAL LODGE

Plans are being made by Summit Lodge No. 54, Knights of Pythias, for the installation of new officers and the conferring of a degree on a class of candidates at a busy meeting to be held tomorrow night.

A surprise visit was paid the lodge by three distinguished officers last Friday evening. The men, all from Yuba City were Grand Prelate Hugh Pryce Jones, District Deputy Grand Chancellor A. C. Alves and Ritualistic Inspector Ed Malouf.

## Belated Report Of New Daughter Is Received

TAHOE VISTA, Jan. 11.—Before she is out skiing, it might be well to report that Miss Lea Ann Kynce, arrived in Reno on November 20, 1939. She is the charming new daughter of Mr. and Mrs. Thomas Kynce of Tahoe Vista. Lea Ann expects to make her permanent home at Tahoe Vista.

## Woman Injured At Summit Is Dead In Reno

Death Toll On Highways Is Larger Than Last Year

### REPORT IS RENDERED

11 Fatally Injured On Local Highways During 1939 Report Shows

Death toll on the Nevada County highways for the year 1939 totaled 11, two more than the figure for 1938, according to reports.

The most recent victim in this area was Mrs. Rhoda C. Norris, 35, sister of Justice of the Peace F. C. Cunningham of Sparks, who died in a Reno hospital January 3 of injuries suffered near Soda Springs the previous Sunday night in an automobile accident.

The machine in which she was riding plunged over an embankment.

Mrs. Norris was a native of Wadsworth, Nevada, and taught music classes in Sparks before her marriage to Clarke E. Norris, fuel mechanic. In addition to her husband she is survived by a son, a daughter, her mother, a sister and four brothers.

## SMALL SON OF LOCAL COUPLE EXPIRES AFTER OPERATION

The sudden death of little Lyle Nelson Murray, four year old son of Mr. and Mrs. W. L. Murray of Truckee, occurred in a Reno hospital last Friday following a brief illness. It was believed the child was recovering, following an operation, until the last.

Lyle was a regular attendant at Sunday school services and had, during his brief span of life made many young friends. He was a native of Trenton, Missouri, where funeral services and interment took place.

The parents are expected to return here in six weeks where Murray is employed by the State Highway Department. The sympathy of the community is extended to the bereaved family.

Wm. J. Kallenbach accompanied Mr. and Mrs. Murray to Missouri. He will return this week.

## HUGE SUM PAID TO COUNTY TREASURY DURING DECEMBER

During the last month of the year the sum of \$152,172.23 was paid into the county treasury and the sum of \$118,340.07 paid out on warrants. The pay-ins included State Compensation refund to Truckee Fire fund, \$54; C. E. Smith, justice of the peace at Truckee, \$181.50; Alex Robertson, salaried of old grader to James McIver of Truckee, \$25; G. E. Hofmann, sewer permit Truckee Sanitary District, \$3; Frank Steele, state school and high school apportionment, \$20,417.93.

## TAHOE, TRUCKEE FOLKS PROTEST OFFICER'S ORDER

Residents of the Tahoe and Truckee district are vigorously protesting the order of Captain Charles LaPorte of the Placer County squad of the state highway patrol who has asked Patrolman Gene Walker to report to Baxter's for duty and leave the Lake Tahoe region unprotected.

The need for a patrolman in the Lake Tahoe area, especially at this season of the year when winter sport fans are crowding the slippery roads.

Walker has proven his value to the district many times over and it is regrettable that such action is contemplated and it is hoped that the order will be remanded by Chief Cato or Captain LaPorte.

NEVADA CITY, Jan. 11.—The Nevada City Chamber of Commerce was given full assurance by DeWitt Nelson, superintendent of the Tahoe National Forest, that the forest service would cooperate 100 per cent in promoting the new Nevada City Ski Course.

## STAMP SALES HERE SHOW ONLY SMALL DROP FOR YEAR

Although stamp sales for the past year at the Truckee post office only fell off \$426.33, the total business of the office showed a drop of \$22,936.15, according to a report by Postmaster E. C. Bavier. The large portion of this loss was represented by the drop in money orders which went from \$85,366.86 in 1938 to \$64,642.51 for the year just closed, a loss of \$20,724.35.

The loss is attributed to the fact that the large crews of men employed at Boca and on the Hirschdale highway during 1938 were to cut to a small number in 1939.

The increase for 1938 over 1937 was far more than the loss for 1939 over the previous year and as a business barometer shows that Truckee is holding its own satisfactorily.

Box rental showed only a loss of \$5.95 for the past year as compared with 1938.

ended were \$etoin etaoin fjeetaoin

## BOARD DECLINES TO ACT ON PETITION OPPOSING PROGRAM

A petition bearing the names of 36 Truckee residents asking the Nevada County Board of Supervisors not to call a special election to determine whether or not this town shall be incorporated was filed at a recent meeting of the board.

The supervisors took no action.

In the meantime, it is reported, the original petition asking that the election be called is meeting with success and will probably be offered to the supervisors later this month. This petition is being circulated by F. S. Powell who represents the Truckee Chamber of Commerce.

## LEGION ADVISED THAT RELICS WILL BE RETURNED HERE

A routine meeting of Truckee Post No. 439, American Legion was held Tuesday night where H. O. Anderson and James McIver gave reports on the new Veterans' Memorial building. The building will be turned over to the Legion as custodians as soon as difficulties between the contractor, architect and board of supervisors have been ironed out, it was indicated.

Relics taken from the old rocking stone tower will also be returned as soon as a suitable place has been arranged for their keeping, it was announced.

## Miniature Scaffold Attracts Attention

Considerable attention is being attracted to the miniature ski scaffold in the window of Tony's Coffee shop which was erected by John Petite and which was copied expertly from the scaffold on Winter Sports Hill.

### Has Birthday—

Mrs. Frank Powell quietly observed her birthday on January 9.

### Vacationing—

Mr. and Mrs. H. O. Anderson and children left yesterday morning for Ely, Nevada, where they will visit with relatives. They plan to motor through southern California before returning home.

### Official's Wife Ill—

Mrs. Frank Steel, wife of the Nevada County tax collector was a hospital patient in Nevada City recently.

### In Hospital—

Mrs. Elva Harley, former local teacher who left here last year to go to Grass Valley is reported to be recovering from an operation in a Modesto hospital.

### Former Residents Return—

Mr. and Mrs. Carl Smith arrived from San Francisco last week to remain in Truckee for some time. Smith is representing several major trucking concerns in this region.

### Return Here—

A. G. and R. Jolly returned here Tuesday after spending several months in other parts of the state.

## Damage Caused As Big Storm Hits This Area

Wet Snow Causes Big Loss To Telephone, Power Lines Here

### ROADS KEPT OPENED

Precipitation In District Is Over Normal For This Season

With damage to telephone and power lines running into the thousands of dollars, the Truckee, Lake Tahoe and Donner Summit region this week was lashed by the most severe storm of the season.

With intermittent snow and rain, the heavy downpour caused more than 40 poles on the telephone line between here and Brockway to fall and eight additional emergency crews were rushed to the region to correct the damage. Power poles collapsed and for three days residents of the Tahoe area were without telephones or power. It was reported this morning that power service had been resumed although it will take more time to install the telephone lines.

Telephone communication over the mountains to Sacramento was disabled but only partly and service was always available as crews battled the storms.

Huge drifts and a high wind on Tuesday caused the state highway crews trouble on Donner summit and trucks and trailer west bound were halted in Truckee during the day. A dirt slide at the state line caused some additional difficulty, but today traffic was moving on schedule.

Two rotaries, flangers and augmented crews on the Southern Pacific kept trains running on time.

H. I. Snider, local forest ranger, said that the snow has the highest water content that has ever been recorded here. During the past 24 hours .35 of an inch of precipitation was recorded to bring the total for the month to 8.39 inches or 3.21 inches over normal for this date in January. Since September 1, the precipitation totals 14.23, or 1.92 inches over the normal figure.

Two inches of new snow fell in Truckee yesterday to bring the pack to 22 inches.

Latest reports from Lake Tahoe placed the snow pack at 26 inches with the lake level rising fast and on Tuesday reading 6224.99 feet. Roads were being kept open around the lake and aside from the inconvenience of being without lights on telephones, all was reported normal.

The forest service reported that their telephone lines to the east side of the lake were operating.

Chester Matson, wire chief for the Pacific Telephone and Telegraph Co., suffered severe shock when a power wire came in contact with the telephone line on which he was working. Matson was rendered temporarily unconscious but soon revived and is no worse for the experience.

## BAR ASSOCIATION OF COUNTY ELECTS OFFICERS FOR 1940

The Nevada County Bar Association at their annual meeting this week reelected the association officers for the ensuing 12 months term. Lynn Kelly was elected president; Frank Finnegan, vice president and William Cassettari, secretary-treasurer.

Judge Jones, honorary member of the association and guest of the evening spoke briefly on the status of the bar association and asked the cooperation of the lawyers in the scheduling of the law and motion days.

Other speakers included County Clerk R. N. McCormack, Deputy County Clerk Ralph Deeble and Judge Charles Morehouse.

Mrs. J. C. Titus was reported to be ill with an attack of influenza this week.

## EDITORIALS

### THE PRICE OF LIBERTY

A short time ago Joseph Stalin, dictator of Communist Russia, was reelected to his seat on the Moscow municipal soviet. His majority was exactly 100 per cent—every vote was cast for him. According to the press dispatches telling of this, it was obvious that the most strenuous methods were used by officials to get out the largest possible vote.

Those who have watched the technique of dictatorship can judge what those methods were—you support the man in the saddle "or else." And this little event, while it didn't make the headlines, is a biting commentary on what happens when the people surrender their rights and liberties to iron-clad political rule. No one attempts to win over the opposition by argument, as in a democratic nation—after all, machine guns, exile and brutal persecution are temporarily more effective instruments for keeping in power. The man who raises his voice in dissent gets short shift indeed.

Here in America we pride ourselves on the fact that we may still speak our minds—that no man is master of our destinies—that the forces of dictatorship have been kept firmly in leash. But pride in this is not enough. It cannot too often be repeated that the price of liberty is eternal vigilance at home. We can unconsciously surrender rights until one day we awake to realize, too late, that liberty is gone.

America watches events abroad with wonder and horror. Let America also learn from them.

### LABOR'S WORST ENEMY

Labor's worst enemy today is Federal spending and its allied evils, debt and taxation. Uncontrolled spending accompanied by annual deficits of two to four billion dollars are a threat to the security and the existence of every job.

Last year 163 typical American companies, employing 2,854,000 workers, paid total taxes of \$1,643,000,000—the equivalent of \$576 per employee. This staggering amount could not have been paid unless companies had trimmed operating costs to the bone. That meant fewer jobs and less wages.

Moreover that part of government spending not covered by present taxation must be made up in the future. And there is no one to make up but America's working middle class. The fat has been sweated out of the rich. If total income of all those receiving more than \$100,000 last year were confiscated by taxation, it would pay cost of Federal government for less than 15 days, according to American Taxpayers Association.

The one solution to this problem lies in removing politics from our tax system. It sounds impossible, but until it is done there can be no relief from reckless political spending and the growing spectre of national bankruptcy.

American labor has a vital stake in the issue, and the power to do something about it. Heretofore labor has not been slow to seize opportunities for betterment. By demanding the removal of politics from taxation, it would benefit not only itself but the nation.

It is much more difficult to succeed in business today than in pre-depression years and the rewards for success are far

### True Tact

PEOPLE sometimes seem to feel that tact means insincerity and dishonesty, or that it is an unimportant quality. Refusing to cultivate it, they sometimes cause others hurt feelings or embarrassment, which might have been avoided.

A dictionary defines tact as "nice discernment of what is appropriate to do or say in dealing with others; peculiar ability to deal with others without giving offense, or so as to win good will, especially in difficult situations. . . . delicate and sympathetic perception, especially of what is fit, graceful, or considerate under given circumstances." A certain surface politeness may be simply the result of intelligent control and good breeding, but the love that is unflinching and truly graceful and considerate at all times is based on the understanding of God.

Tact is consideration, thoughtfulness of others, and it is closely related to loving-kindness. It appreciates the viewpoint of the other person and tries to apply the Golden Rule (Matthew 7:12), "Whatsoever ye would that men should do to you, do ye even so to them."

Tact may sometimes be shown in simply refusing to do or say something which, if said or done, would accomplish no good. It may be shown in speaking an encouraging word to one who is facing a difficult situation. It may be evidenced in an interesting observation which will turn someone's attention from himself and put him at his ease. It avoids unnecessary controversy, chooses silence rather than unconstructive criticism, encourages the troubled, commends honest effort.

How true did Jesus' life exemplify the prophet's word (Isaiah 42:1, 3): "Behold my servant, . . . a bruised reed shall he not break, and the smoking flax shall he not quench." The "bruised reed," that which has already been hurt, even if by its own fault, may sometimes be won back to wisdom and courage, activity and strength, by gentle kindness. "here blunt condemnation of the fault would fail. The "smoking flax"—that mentality which is but dimly alight needs tender and wise encouragement. One of the lovely qualities that aids our work with others is graciousness. Well may we pray in the words of a loved hymn

(Christian Science Hymnal, No. 88): "Gracious Spirit, dwell with me: I myself would gracious be."

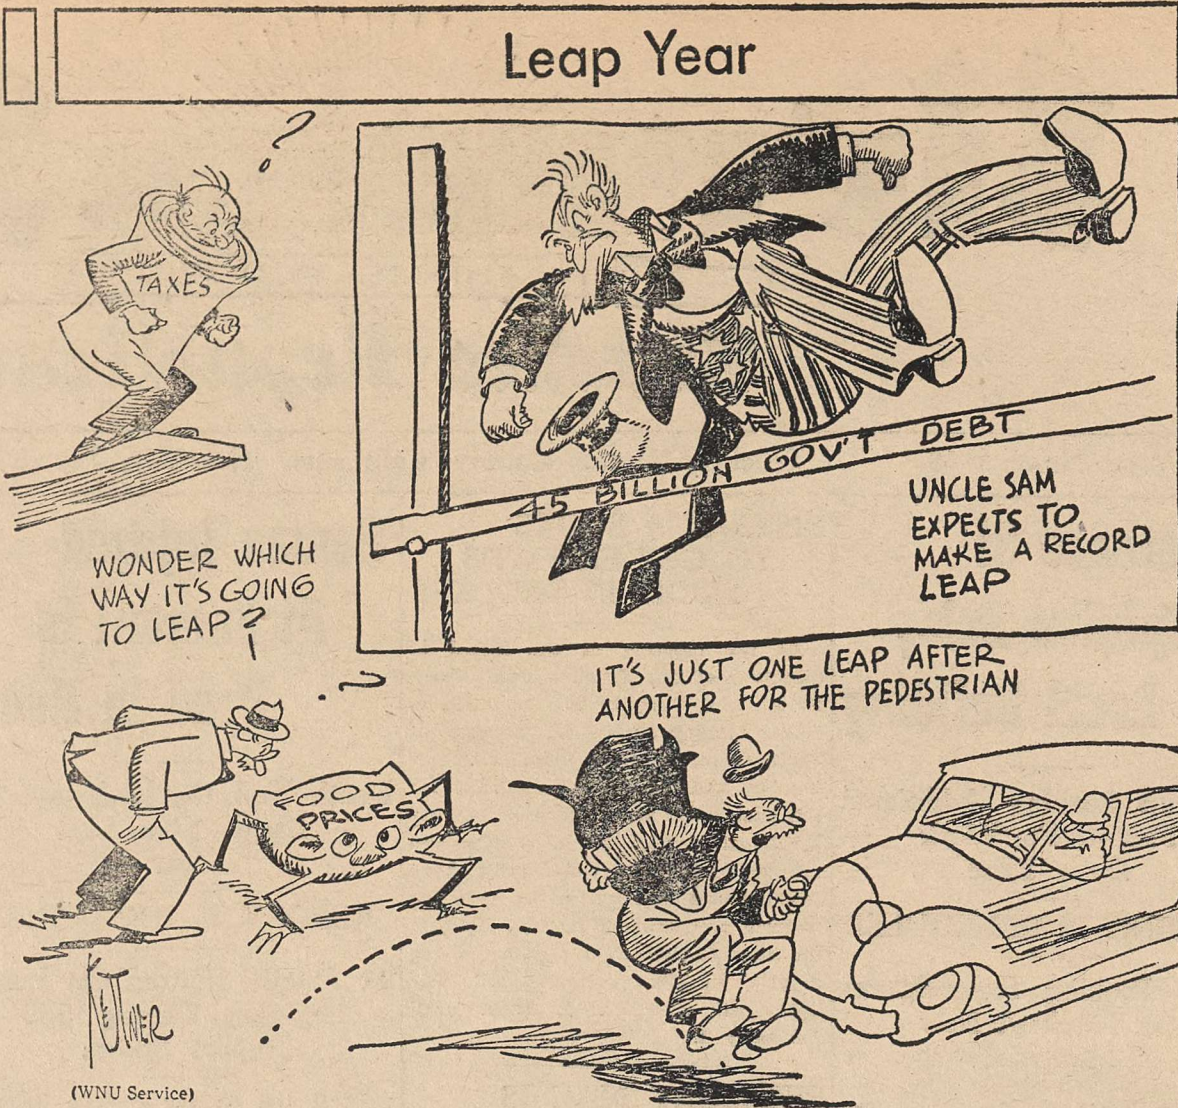

Tact does not tell all it knows; it minds its own business. It is greatly needed in all organization work. The business official or a committee or church worker who uses tactful methods in dealing with others, succeeds in inspiring all to better service than does the inconsiderate or the unwisely outspoken individual, whose intentions may be praiseworthy. People occasionally believe that they are tactless, and that there is nothing they can do about it but regret the fact. There is no reality in crude or brusque or thoughtless words or deeds. . . .

One should claim for himself the ability to express every good and strong and lovely characteristic which reflects God. Sometimes it takes much work and prayer to demonstrate them. It may take patience and persistence and steadfast effort to do so, but as impatience, thoughtlessness, selfishness, and narrowness of vision are replaced by their opposites, man's God-likeness becomes ever clearer.

Every earnest person wants his thinking and acting to bless others. He can always be sure that they will if he is reflecting God. Not to condemn evil but not to condemn person; not to think of self but to think of others; not to be afraid, repressed, or self-conscious, but sympathetically alert to the problems of others and quick to help to meet them—earnest desire such as this will be expressed with the graciousness of love.

As we turn to Jesus' life and words for examples, we see what tact he used in illustrating his teaching by parables on subjects with which his particular audience was especially familiar. . . .

In "Science and Health with Key to the Scriptures" Mary Baker Eddy states (pp. 476, 477): "Jesus beheld in Science the perfect man, who appeared to him where sinning mortal man appears to mortals. In this perfect man the Saviour saw God's own likeness, and this correct view of man healed the sick." With such a view of man, one could not be other than loving, gracious, and considerate. And with these qualities in consciousness, one's tender wisdom, thoughtful consideration, and intelligent helpfulness will be inspired by true Christliness. —The Christian Science Monitor.

### Politically Speaking

by JOHN W. DUNLAP

United Press Staff Correspondent

SACRAMENTO, Jan. 11.—(UP)—California receives publicity in many ways—both good and bad—but the state fair in Sacramento creates more good will and comment than hardly any other single thing.

The state fair has increased its scope and size each year until it ranks at the top of the nation's expositions, topped only sporadic by world's fairs and special celebrations. Particularly in the last three years, under the guidance of Robert Muckler, the California fair has set new records for attendance and variety.

Now that Bob Muckler has resigned to accept the post of assistant to the vice president of a large oil company, the fight is on for a worthy successor. The fair board, dominated by appointees of Governor Olson, is finding itself bombarded by politicians, experienced showmen, business executives and most anyone else hankering for the job.

While a great many names have been suggested, two qualified men already in the fair organization are drawing support. One is Kenneth Hammaker, public relations chief who worked closely with Muckler for three years. Hammaker has a broad background of newspaper work, business management and civic affairs, the latter from his non-paying job as mayor of the rapidly growing city of North Sacramento. The other possibility is Travis Paine son of a former fair secretary-manager and

currently head of the fair horse shows.

Whatever the choice California deserves a top-flight man because a slump in quality of the fair not only reflects discredit upon the Olson administration but the state as a whole.

Richard Sachse rapidly is becoming one of the workhorses of the Olson administration—and a good one. Coming into the state service as director of natural resources Sachse has taken the chairmanship of the important unemployment reserves commission (jobless insurance) and is a member of the state planning board waste utilization board and governor's interstate cooperation commission. More important he is sitting in with Finance Director John R. Richards, Public Works Director F. W. Clark and other high officials in mapping strategy for the coming special session of the legislature.

The Olson administration is keeping a tight pursestring on the emergency fund and is considerable under the permissible expenditures so far this biennium. The \$1,750,000 fund was approved by the legislature for the biennium but more than \$1,650,000 remains at the end of the first six months. It is understood that another \$250,000 or so has been allocated but not transferred yet but even so, this would be less than 25 per cent of the fund for the first quarter of the biennium.

The money is for various deficiencies in state funds and departments, subject to approval of the governor and department of finance.

After the ham and eggs pension plan was defeated last November, both opponents and backers of the

measure were pretty sure it would come up again on the 1940 ballot. The picture was changed somewhat with a plot of dissension within the \$30-Thursdays ranks and the ousting of four leaders by the Allen dominated faction. The deposed chieftans

declare they will start a pension movement of their own.

Then there is the question of the Olson recall movement. At the recent ham and eggs meeting in the bay area, a pension leader was quoted as saying the petitions to get the recall on the ballot were about four-fifths completed. Allowing for exaggeration and duplication, the fact remains the ham and eggers probably have a sizeable block of names. They have worked quietly and without fanfare to force the election.

One group after another is on the recall trail, the fourth recently giving notice to the secretary of state and privately revealing a good sized war chest had been subscribed. The same old charges were rehearsed against the chief executive.

Olson has the last laugh if the Continued on Page Five

## TAHOE NEWS BRIEFS

By Anne B. Anderson

Major and Mrs. Jack Malcolm drove to Sacramento Saturday accompanied by Erwin Moore. Major Malcolm has accepted a position in Yerrington, Nev., for several weeks. Later the Malcolms will winter in Sacramento, returning to their home at Tahoe in the spring.

Mrs. M. Planett returned to her home in Verdi on Sunday after a short visit at the home of her daughter, Mrs. A. M. Henry.

Joe Pomini of Tahoe Pines left for Oakland Saturday where he will be employed this winter.

Mrs. Eleanor Swanson of Sunny-side motored to Oakland Saturday accompanied by her son, Jimmie daughter, Mrs. Lee Carroll and her grandson, Sammy Lee. "Swanee" is planning to spend the winter at her Oakland home.

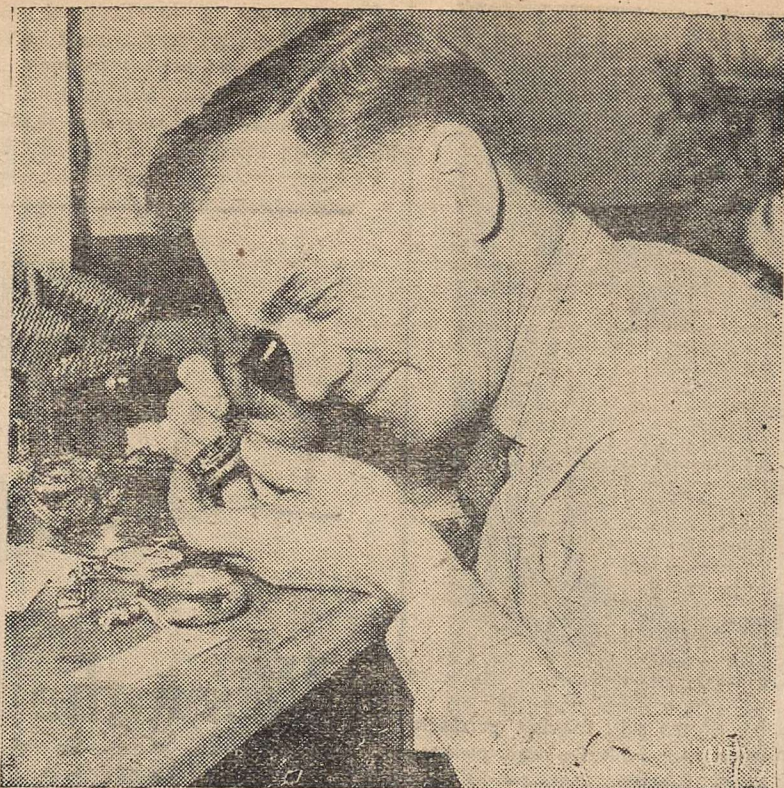

Mr. and Mrs. Charles C. Warner spent Saturday in Tahoe City on the way from Castle Hot Springs, Ariz. to San Francisco where they will remain until spring.

Mrs. Maxwell C. Milton returned to her Oakland home Sunday after a brief vacation of winter sports at her Sunnyside home, which her daughter, Miss Ann Milton and cousin, Miss Helen Towne, thoroughly enjoyed.

Miss Marilyn Hinkle is spending part of her vacation from studies at the University of California as a guest of Miss Patricia Henry.

Fine, new bookcases with adjustable shelves for the non-fiction section of the Tahoe branch library, were completed last week by the courtesy of Major Jack Malcolm who

## WARREN K. BILLINGS — BUSINESS MAN

SAN FRANCISCO—It was a happy moment in the life of Warren K. Billings when newspaper men "covered" debut of a little watchmaking shop opened in San Francisco by the man who spent more than two decades in prison with Tom Mooney

installed them. The lumber for the shelves was donated by the Snider Lumber company. This was the second substantial contribution of work by Major Malcolm.

The Bliss family, well known early day pioneers and developers of the lake region including the Glenbrook and Tahoe City areas, gave substantial donation to the Commu-

nity Center building fund recently in memory of Judge George R. Bliss, Tahoe City's beloved friend and benefactor. Their first donation, made in 1938 was in memory of D. L. Bliss pioneer of the Comstock days, whose mills furnished lumber for timbering the mines of the Comstock lode.

The program for the Lake Tahoe Ski Club for the next weekend includes a langlauf ski trip and picnic to Page Meadows on Sunday directed by President Floyd Carnell or one of the club members.

Carl Bechdolt, Jr., of the Lake Tahoe Ski Club expected to leave Wednesday for Sun Valley where he will start training for the Jeffers Cup competition at which all the western states will compete. Others chosen for the California team from the local club who will accompany Bechdolt are Kathleen Starratt, Jim Warden and Albert Henry, who was chosen alternate in place of Sig Ulland.

Miss Marilyn Hinkle of Lake View drive entertained at a pleasant party Thursday evening for the Tahoe younger set. The evening was spent in games and dancing. Guests included Mr. and Mrs. Carl Bechdolt, Jr., Mr. and Mrs. Herman Aumer, Misses Florence Vernon, Dolores Pyle, Patricia Henry, Ann Milton, Helen Towne, Eunice Duffee, Helen Worden and James Worden, Charles and Oliver Henriksen, Bob and Dick Anderson and Al Henry.

Mr. and Mrs. Ernest H. Pomini left for Reno Sunday where they will be guests of their son-in-law and daughter, Mr. and Mrs. H. G. Woolley for several days.

Mr. and Mrs. Ira Lewis and family of Lake Forest spent the holidays in the bay region at the home of Mrs. Lewis' sister, Mrs. Howard Henning where Peggy Jean Lewis remained for a winter vacation.

Lyle Lewis of Lake Forest is spending the winter at Miami, Florida where he is employed in a resort hotel.

Mr. and Mrs. Robert Watson who are wintering at Folsom and Auburn were among the Lake Tahoe audience at the Winter Sports Carnival Saturday night in Sacramento.

John Perelli, golf pro at the Tahoe Tavern was among the medalists at Los Angeles.

President Floyd Carnell called a special meeting of the Lake Tahoe Ski club directors Monday at the home of Mr. and Mrs. A. M. Henry to complete plans for sending Tahoe contestants to the Jeffers Cup competition at Sun Valley January 20.

President Floyd Carnell called a special meeting of the Lake Tahoe Ski club directors Monday at the home of Mr. and Mrs. A. M. Henry to complete plans for sending Tahoe contestants to the Jeffers Cup competition at Sun Valley January 20.

# LAKE TAHOE NEWS

## "NEWS & VIEWS ABOUT THE LAKE"

By Anne B. Anderson

### 50 TAHOE MEMBERS CHEER QUEEN AT SACRAMENTO MEET

TAHOE CITY, Jan. 11.— Fifty members of the Lake Tahoe Ski club attended the Winter Sports carnival at Sacramento Saturday night, when Miss Patricia Henry, Tahoe Snow Queen, attractively dressed in navy blue and white ski costume, received much admiration at the Tahoe contestant.

Twenty-one members were present for the largest attendance in ski costume contest, with the longest mileage and the Tahoe club succeeded in bringing home the second prize of \$15, losing to the Johnsville Ski club, which took first.

Members in costume on the floor were Floyd Carnell, president of the club, Mrs. Carnell, Mr. and Mrs. Joe Duffee, Mr. and Mrs. Phil Geier and Mr. and Mrs. Charles Heller all of Meeks Bay; Mr. and Mrs. Henry Worden, Mr. and Mrs. A. M. Henry, Mrs. M. Planett; the Misses Eunice Duffee, Helen Worden, Betty Woodruff and Marilyn Hinkle and James Worden, Albert Henry, C. W. Peterson and Walter Mandeville.

### LAKE LEVEL RISES AS STORMS OVER REGION CONTINUE

TAHOE CITY, Jan. 11.— The level of Lake Tahoe on Monday was 6224.90 feet with all gates at the Truckee dam outlet closed. The rise in the lake level was considerably over the amount reported last week. Storms to Monday since January 1 have brought 0.33 inches of precipitation to the lake region. Fifteen inches of packed snow was on the ground on Monday with the storm continuing and the barometer low. Temperatures varied during the week from a high of 47 degrees on New Years Day to a low of 19 degrees.

SACRAMENTO, Jan. 11.— (UP)— In case you wonder as to the name of the eastern front range of the Sierra Nevada in California and Nevada, the United States board of geographical names says it should be called Carson range instead of Rose Mountain range.

### BUILDING CONTINUES AT TAHOE DESPITE STORMY WEATHER

TAHOE CITY Jan. 11.— Construction of a fine new pier to house a new 28-foot cruiser was completed recently by Charles Mathews of the Rustic Cottage Court near Brockway. Several new cabins have been added to the resort this fall.

The new home of Harry Henrickson at Lake Forest is fast nearing completion with carpenters engaged in finishing the interior.

Remodeling of the Casino theater at Tahoe Tavern was completed last week. The floor was raised and inclined.

Ski club members practiced on the hills on the golf links Sunday with Walter Mandeville giving goodwill instruction to the novice.

**WARRANT DEBTS IN STATE SET NEW HIGH IN HISTORY**

SACRAMENTO, Jan. 11.— (UP)— The state's warrant indebtedness will rise to approximately \$83,500,000 today with the sale of \$2,473,683 worth of new paper to replenish the general cash revolving fund and \$523,000 for relief, State Controller Harry B. Riley announced.

Riley estimates that the short term indebtedness would touch the \$100,000,000 mark by the first week in February, but \$21,000,000 worth of warrants are scheduled for retirement on February 27.

The warrant debt stood at \$80,593,506 on January 1, the highest in California history. The latest issue to be opened for bids will be retired about November 27 this year.

## MEADOW LAKE WAS THRIVING TOWN IN EARLY DAYS HERE

Following is still another of a series of articles being taken from Edwards' Tourist Guide and History of the Truckee Basin Published in 1883 by C. F. Edwards, at that time editor of the Truckee Republican.

### MEADOW LAKE

The name first given to this settlement was Excelsior. In August, 1863, Henry Hartley, John Simons and Henry Feutel, made the location under the title of the Excelsior company. The first movements toward further settlement were during the summer of 1865, and came from Virginia City, in the state of Nevada. Faint rumors had been carried to that place of the rich prospects being struck on the summit of the Sierra, and of the vast ledges showing anywhere on the surface, free gold.

From June until late in the fall of 1865, hundreds came in, an eager and excited crowd, over the roads from Washoe to Nevada County. Placer, Sierra, in fact all counties in this section of California joined the excitement. In the month of July, a public meeting, the first ever held in Excelsior, was called at the site of the present town of Meadow Lake and boundaries laid out and the

town named Meadow Lake. For a short time previous to this it had acquired the title of Summit City, but that was dropped and the present one substituted. No time was lost in work and prospecting. Stakes with notices clothed the whole region, and every mass of rocks was claimed and located. It is estimated that during the summer of 1865, 1200 locations were made.

In July, 1865, the town was laid out with spacious streets 80 feet wide, blocks were divided into lots, alleyways 16 feet wide laid out through every block and a grand spacious plaza reserved that was some day to give beauty to the town. When the fall of 1865 closed, not less than 150 houses had been erected and more were in the course of construction. From June until October that year, it is estimated that not less than 3,000 people visited here, bringing more or less money, thus creating for it a transient season of prosperity unparalleled in this section. The winter proved to be an unusually severe one. March, April and May, 1866, are remembered for their unprecedented severity. With May however, the tide of travel was turned again this way and 4,000 people at least arrived. All was activity and excitement. Prices ran up to exorbitant figures.

For a lot 60 by 80 feet on any of the principal streets as high as \$2,500 was paid. The possessor of a few corner lots considered himself a

millionaire and talked of his coming thousands with perfect assurance Meadow Lake Continued next week

## SIX STATE AGENCIES TO FIND QUARTERS IN NEW STRUCTURE

SACRAMENTO, Jan. 11.—(UP)—Six state agencies will move about January 15 into "office building No. 3", a new five story structure costing \$1,400,000 and covering half a city block.

Principal tenant will be the state board of equalization, which will occupy nearly three floors of the new structure.

Other agencies to have headquarters in the building are the Franchise tax collector, the department of professional and vocational standards, division of lands, the veterans' welfare board, the real estate commissioner, and California state employees association.

By reallocating space vacated in other state buildings by these agencies it will be possible for the state to move entirely out of the Mull building, a private structure across the street from the capitol which has been rented for several years Superintendent of Buildings and Grounds Frank N. Killam said.

Mr. and Mrs. Theodore Scheuter of Tahoe Summers Camp will leave next week for an extended trip through the southern states which will include side trips to Palm Spring Death Valley and Carlsbad Caves.

## Physically Handicapped Tax State's Budget

SACRAMENTO, Jan. 11.—(UP)—The growing importance of rehabilitating physically handicapped persons is worrying officials of the state department of vocational rehabilitation because so many requests

## Year's Business Tops All Previous Marks

Bank of America 1939 Gains Due to Popularity of Policies

Releasing the statement of condition of Bank of America as of December 30, 1939, L. M. Giannini, President, stated that popular acceptance of the statewide services of the bank during the year had been indicated by the opening of more than 585,000 new accounts, as well as the making of more than 600,000 new loans for a total of over \$616,000,000.

Total resources at the year-end stood at \$1,628,586,000. Deposits totalled \$1,482,791,000, an increase of \$74,484,000 since June 30, 1939, another new high.

### GREAT LOAN VOLUME

Further growth reflected by the statement included: Loans and discounts, which totalled \$711,054,000, were \$15,952,000 more than June 30, 1939.

Earnings for the year were \$28,330,000 before \$4,381,000 was allocated to reserves for depreciation of banking premises, furniture, fixtures and equipment, amortization of bond premiums, etc., and before \$5,000,000 reserves applied to reduce the carrying value of loans and investments. After payment of dividends to stockholders at the rate of \$2.40 per share for a total of \$9,600,000 for the year, and the allotment of \$1,206,000 to the bank's personnel under the employees' profit-sharing bonus plan, capital funds were increased \$8,142,000. From this there was deducted during the year by special charges against profits amounting to \$5,356,000 a valuation reserve of 100 per cent against certain foreign credits on substantially all of which inter-

est is currently being paid but which may be adversely affected by the war.

### STRONG RESERVES

Banking premises, furniture, fixtures and equipment are carried at cost less depreciation, and to the end of 1939 depreciation of \$15,788,000 has been applied to reduce the book value to the present figure. Also, certain other reserves are shown as applied to reduce the book value of assets with \$15,564,000 provided for possible loss on loans and \$5,800,000 provided on securities. The actual market value of the bank's investment in securities is substantially more than the amount at which they are carried on the books of the bank.

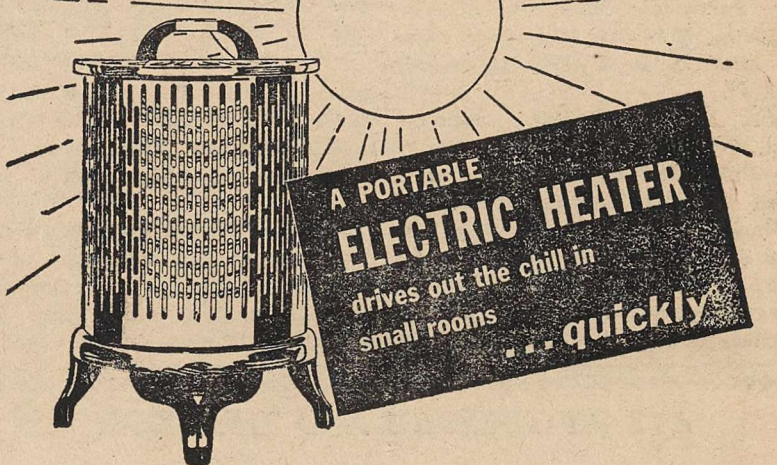

### POLICIES APPROVED

Commenting on the year's results, President Giannini said: "It is with a deep sense of appreciation that we are able to present tangible evidence of the approval of Bank of America policies and service by old and new friends. No banking institution in the country enjoys the privilege of serving a greater number of borrowers and depositors than Bank of America. To them and all the communities we serve our continued efforts to maintain that distinctive type of constructive 'banking that is building California' are pledged."

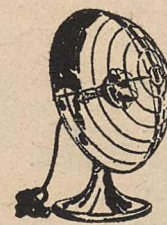

for aid are coming in that the budgets are straining at the seams. The success of handicapped persons in finding employment after state aid has led others to seek its benefits. The state had a load of 2511 persons on December 1, 1939. Succeeding years found 2593 in 1927, 3085 in 1938, and 3317 in 1939, an increase of 32 per cent in active cases in the four years. The number of disabled persons placed on suitable jobs was about the same proportion, with 407 in a five months period of 1938 and 444 for the same period of 1939.

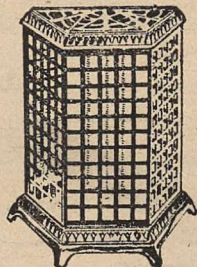

When the temperature goes "bearish" ... Turn on Winter Sunshine

"TURNING ON winter sunshine" is what more than 100,000 California families call their handy electric heaters. With electric heat you can dress in comfort, warm your body and your clothes in the mornings. You can thaw out the bathroom while you bathe and shave. Your home should have one or two of these quick-acting electric heaters.

This "spot" heater is ideal for close-up heat in large rooms or cold room corners.

Here is a new small room heater. Warms up the bathroom or den quickly.

## The Man At The Keyhole

(BY OPERATIVE WB)

History repeats itself, so the old Greeks said. And many of the Ham and Eggers, according to current report, are deserting to join the rejuvenated Townsend movement. Not so many years ago, 'twas the other way around—with the Townsends suddenly deserting to the banner of 30-Every-Thursdays. But both major parties are flirting openly more or less with the Townsend idea, while Ham and Eggers—after last year's whacking defeat—are not so fresh as they used to be. In fact, they're almost rancid.

There's a tide in the affairs of men but woe be unto the politician who tries to launch his bark at low tide. At last year's San Francisco election, Congressman Frank Havenner tried to become mayor—and simply got tarred as a "red" and badly defeated for misjudging the ebb and flow of public opinion. Now, our skies report, he may have a bitter fight to retain his seat in congress. Friends are booming Assemblyman Robert Green, brilliant young San Francisco attorney for the congressional spot. And Mr. Green, if he decides to go, is quite likely to win.

Fred E. Stewart, Oakland member of the State Board of Equalization who was indicted by the Los Angeles grand jury, is now convalescing at his home after a somewhat serious tussle with a faulty ticker. And his major objective, at the moment, in addition to achieving vindication, is to secure an FHA loan so he can build a new home for his wife and family. Which somehow or other, appeals to us as the best possible answer to the charges lodged against him. A guy on the "make" doesn't need FHA; he just needs a good lawyer.

## Youth Unemployment Offers New Problem Investigation Reveals

SACRAMENTO, Jan. 11.—(UP)—Widespread unemployment in recent years has created a "lost generation" of young persons, a majority of whom have little or no specific training for any job or trade, a statewide survey revealed this week.

The survey was made jointly by the state relief administration and the state department of education and data was supplied by more than 1800 representative employers from nearly every industry in California.

Major conclusions in the report presented something of a dilemma.

The investigators found that between 160,000 and 170,000 young persons between the ages of 15 and 24—between 30 and 40 per cent of all young people in that age group—who are out of school and available for work are jobless.

Complicating the problem is the finding that a large majority of the young persons appear to have little or no specific training for any job or trade.

And the report found that although training might help some of the young persons to obtain employment and get better jobs, the chances are that they do so by replacing older workers at lower wages, and this would not contribute to the alleviation of general unemployment.

The survey showed also that the wages for the young persons are exceedingly low. Information furnished by 20,000 youths revealed that more than half had weekly earnings of less than \$15 a week, and annual wages reported to the federal security board by those between 20 and 24 years of age averaged less than

### INDIANS AND MONK'S ROBES

IT TOOK all sorts of Indians to make up the New World before the white man took it over! These are the Chunchos living in aboriginal style on the eastern side of the Andes in Peru's montana which, contrary to its sound, means lowlands. These jungle Indians differ definitely from the Andean Indios. The latter, dominated by the Incas, then by the Spaniards, are docile and a bit servile in manner, and usually small of stature. There's nothing subdued about their dress, however, for they wear gay colors—the beautifully patterned costumes and tinsel-trimmed hats in vogue in Inca times.

The jungle Indians, on the other hand, have had but limited contact with the outside world. They are very independent in manner, usually are tall and sturdy, yet dress in much more somber costumes than the Indios. They wear just a loose brown robe—a monk's. That's because the first clothes they ever saw were those worn by the missionaries. (The Conquistadores left the

\$800 yearly.

Many employers said it was increasingly difficult to obtain trained workers, but at the same time stated it was too expensive to train them. And the report added that both public and private trade schools are graduating young persons with little relation to the actual needs of industry, thereby flooding a labor market already crowded.

The report recommended that the public training programs should be related to work of the California apprentice council, created by the 1939 legislature.

## Examinations Called To Fill Positions In State During January, February

SACRAMENTO, Jan. 11.—(UP)—The state personnel board announced this week a series of examinations will be held during January and February to obtain experienced men for employment in the state forest fire suppression crews during the 1940 fire season.

An examination will be held January 20 for the position of administrative assistant in the department of social welfare. Starting salary is \$300 a month. Education and experience consist of college graduation supplemented by completion of one year course in social welfare and five years of public welfare experience.

On February 3 an examination will be held for immigration inspector, to assist immigrants in becoming naturalized and adjusted. Entrance salary is \$170 a month. Education and experience consist of graduation from college and two years experience in the field dealing primarily with immigrants.

## No. 7564 SUMMONS IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF NEVADA

L. P. McKELVEY, Plaintiff

v.  
HENRY C. LICHTENBERGER,  
ISABELLE McKELVEY, CLARE  
HARDY, as administratrix of the  
Estate of A. W. CRAIG, deceased,  
and all other persons unknown,  
claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto, Defendants.

## THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREET- INGS TO:

HENRY C. LICHTENBERGER,  
ISABELLE McKELVEY, CLARE  
HARDY, as administratrix of the  
Estate of A. W. CRAIG, deceased,  
and also all other persons unknown  
claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiff's ownership or any cloud upon plaintiff's title thereto, Defendants.

YOU ARE HEREBY NOTIFIED,  
that an action was brought against you by the abovenamed plaintiff in the Superior Court of the County of Nevada, State of California, by filing a complaint in the office of the Clerk of said Court on the 14th day of December, 1939, in which action L. P. McKELVEY is plaintiff, and you are defendants.

YOU ARE HEREBY DIRECTED TO APPEAR and answer said complaint within ten days from the service of this summons, exclusive of the day of service, if served on you in said County of Nevada, and within thirty days, exclusive of the day of service, if served elsewhere; and you are further notified that unless you so appear and answer within the time above specified, the plaintiff will take judgment for any money, or damages demanded in the complaint as arising upon contract or will apply to the Court for any other relief demanded in the complaint.

Also you are notified that the object of the said action is to obtain a judgment or decree of said court that all adverse claims to and clouds upon the title of plaintiff to the real property hereinafter described, be determined; that said defendants, known and unknown, have not, and that none of them has, any right, title, lien, estate or interest whatever in, to, or upon said real property, or any part or portion thereof,

and that plaintiff is the sole owner in fee and is entitled to the possession of said real property and the whole thereof, that the defendants and each of them, be forever debarred and enjoined from asserting any claim whatever in, to, upon, or against said real property, adverse to plaintiff's ownership, and for such other, further and different order, judgment and relief, as the court may seem meet, and for costs of suit.

The real property concerned in the said action is described as:

All that certain land situate, lying and being in the County of Nevada, State of California, and described as follows:

All that portion of the SE¼ of the SE¼ and of the SW¼ of the SE¼ of Section 10, Township 17 North, Range 16 East, M. D. B. & M., described as follows:

Beginning at the Southeast corner of the lot herein described, identical with the Southwest corner of H. C. Lichtenberger's lot, a wire nail set in a 6x8 inch timber at fence corner at the Northernly side of the Sierra Valley Road, from which the Southeast corner of Section 10, T. 17 N. R. 16 E., M. D. M., bears South 83 degrees 33 minutes East 1137.46 feet; thence North 33 degrees 08 minutes West 155.07 feet to the Northeast corner, identical with the Northwest corner of H. C. Lichtenberger's lot, an iron bolt set flush in the ground at the Southernly side of Burkhalter Ave., thence along the Southernly side of Burkhalter Ave., South 59 degrees 08 minutes West 202.94 feet to the Northwest corner, identical with the Northeast corner of J. H. Sander's lot, a bolt ¾ inches in diameter, set flush in the ground; thence South 33 degrees 47 minutes East 202.83 feet along the division line between the lot herein described and the J. H. Sander's lot to fence post an angle in fence; thence South 49 degrees 09 minutes East 9.37 feet to the Southwest corner, identical with the Southeast corner of the J. H. Sander's lot, a point on a granite rock on top of the stone wall at the Northernly side of Sierra Valley Road, marked with a "V" chisled on said rock, thence along the Northernly side of said Sierra Valley Road, North 43 degrees 02 minutes East 203.76 feet to the Southeast corner, the place of beginning:

Given under my hand and Seal of the Superior Court of the County of Nevada, State of California, this 14th day of December, 1939.  
(SEAL)  
R. N. McCORMACK, Clerk.

## NORDEN

by C. W. KRAMER

Old Jupe Pluvius was kind the past week in delivering six feet of new snow to gladden the hearts of all snow sport followers as well as the resort owners. Over the past week the Sugar Bowl has been taxed to capacity as well as the Norden Ski Lodge, Sierra Club, Vanderfords, the Donner Ski Trail, Claire Tappan and others in this immediate vicinity and the season promises to be a record one from the accounts of reservations arriving daily. It has been reported over 600 people rode to the top of Disney Peak last Sunday in the Sugar Bowl while the movie colony of popular actors and actresses was entertained.

The Bacharichs of Norden gave a surprise birthday party to Frank

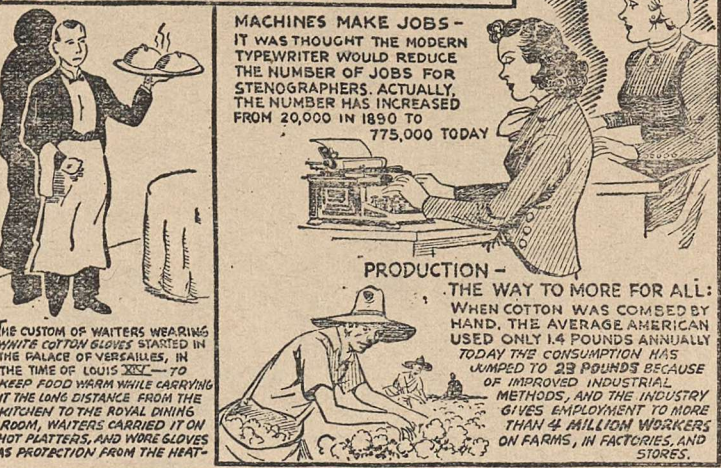

Slater at Slater's Lodge recently at Tunnel Six and the evening was spent in varied entertainment. John Bacharich entertained with a novelty dance number that has been a mystery as to its origination, except that it bordered on Spanish lines to meet the menu of chili beans. Those in attendance included Mr. and Mrs. George Bacharich, Mr. and Mrs. William Dymond and daughter, Maria Doris, Mr. and Mrs. William Backarich, Mr. and Mrs. Pete Backarich and children and John Backarich all of Tunnel Six.

Norden summer elementary school was closed Friday after a full term which started in April. Mrs. Threlkel, the teacher, has gone to her home in Auburn during the vacation period. The enrollment numbered an average of 22 for the term.

At Slater's Lodge for ski instruction are Steve Roberts and Harrison

## THE POCKETBOOK of KNOWLEDGE

BY TOPPS

Martin who are experts in the profession. William Strickland of Van's Ski Lodge reports a well filled calendar for appointments for days to come. The flu epidemic which hit heavily among Norden residents has somewhat subsided and those afflicted are improving as well as can be expected at this time. Mrs. Chester Rowe is now in Yuba City visiting among relatives. Quentin Queen of Norden Ski lodge is kept busy these days cutting all manner of capers to make the skills fit the feminine customers. Thus far he appears to keep the customers well satisfied. The Norden Ski hut of the S. P. company is proving quite popular with the traveling public and the lunch counter is kept busy.

To Serve—Estelle H. Englehart, John R. Wolt and Karl L. Kielhofer are three persons from Meadow Lake township who were drawn by Judge G. L. Jones in the Nevada County superior court to serve as trial jurors for the year 1940 or until a new list can be provided.

The Chamber of Commerce—will hold the weekly luncheon meet at Donner Lake Winter resort on Monday, January 15.

Ladies Aid Meeting—The Ladies Aid of the Community Church is meeting this afternoon with Mrs. G. J. E. Keetch.

Rapidly Recovering—Mrs. R. T. Henderson returned on Sunday from Tucson, Arizona, where her husband "Scotty" Henderson is rapidly recovering from illness. He will be released from the hospital in less than two weeks and has gained weight. Henderson will go to Los Angeles to remain with relatives for a short time.

Makes "Homer"—Tyrus Raymond Cobb, said to be the famous Ty Cobb of baseball fame was a visitor at Lake Tahoe on the New Year weekend and was fined \$10 for speeding at Loomis on his way to San Francisco, according to reports from the Placer county town.

## MECKS BAY

by MRS. LEE GARNER

The H and W Philanthropic Club of Meeks Bay held their usual business meeting at the home of Mr. and Mrs. Charles Heller with a large attendance. The new officers, Phil Geier, president; Mrs. Roy Stark, secretary and Mrs. Floyd Carnell, treasurer, presided. After the meeting refreshments of home made ice cream and cake were served in honor of the outgoing and incoming officers with Mr. and Mrs. Lee Garner and Mr. and Mrs. Heller acting as hosts. The outgoing officers are Charles Heller, president; Mrs. Phil Geier, secretary and Mrs. William Elam, treasurer. Dutch whist completed the evening's entertainment with Mrs. L. M. Beauvais, high and Mrs. Heller low for the women and Charles Heller high and Thomas Skaggs low for the men. Mr. and Mrs. Phil Geier will act as hosts at the next meeting.

Mr. and Mrs. Lee Garner were guests at a dinner given by Mr. and Mrs. Cecil Bowman at their home in Homewood.

Honored guests at a dinner given by Mr. and Mrs. Charles Heller at their Meeks Bay home were Mr. and

District Governor in Grass Valley—Leo Baisden, district governor of Lions International, was a guest of the Grass Valley Lions club last Thursday evening. L. R. Jefford, the zone chairman introduced the speaker who is an educator in Sacramento and was a recent guests of the local club.

Mrs. Phil Geier, Mr. and Mrs. Lee Garner and Mr. and Mrs. Floyd Carnell.
